

MEMORIAL and DONOR WALL

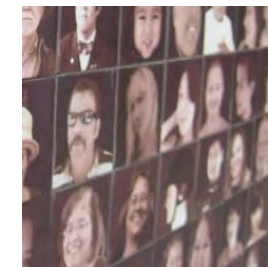

Method

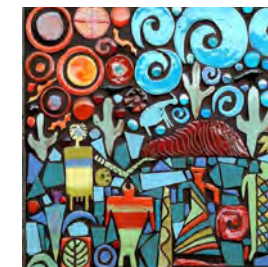

Production method in partnership with local artist(s). Many options can be explored. Cost and production time will be important factors for selecting a method.

Painted: Predetermined artwork with custom message about loved one. The artwork could illustrate important native plants and wildlife.

Photograph: Guests submit a photograph and message to be printed on tile. Will be approved by committee prior to printing.

Mosaic Module: Each piece is custom made in predetermined shapes and sizes so that they can be assembled onto the wall easily.
